

Where over 10,000 Christian Churches connect their members online

- **What is MyChurch?**

MyChurch is a free community-building site for Christian churches. You can create a profile page for your church and allow members to join and connect through blogs, photos, events, media, bulletins, small groups and more!

- **Is MyChurch Safe?**

A dedicated team of staff and pastors review thousands of church submissions each week to make sure church profiles are reserved for Christian churches that follow the Nicene Creed.

Lifes Praise
Worship Team Of Life Fellowship Chapel
Privacy Level: Group members only | Membership: Invite-only

Your church profile page can be moderated by multiple staff or members and each small group can customize their own level of privacy.

- **Connecting with a Purpose**

With an extensive platform of tools, MyChurch allows your community to connect in a unique and fun way throughout the week. It's like MySpace, but completely centered around your church!

Keep members up-to-date on announcements and prayer requests with **Bulletins**. Post single or recurring **Events**, and allow members to RSVP. **Small Groups** let members connect around ministries and interests. Share and learn more about each other with **Blogs**.
